Value to Major O&M Repairs - Action Item 19 Break-out Session

Questions for stakeholders:

1) What does "adding value to major repair projects" mean to you?
In what ways can Reclamation "add value"?

2) Do you have an experience to share where an innovative method was used to add value to a major repair project?

3) Do you have suggestions for strengthening partnering relationships for major repairs?

4) Do you have suggestions for adding value to Reclamation's project management for completing major repair projects? (e.g. planning, design, procurement, contract administration, construction management, cost reduction)

5) Do you think there have been missed opportunities to add value to major repair projects?

- Give examples
- In what areas have opportunities been missed

6) Do you have any additional suggestions for other ways Reclamation can add value to major repair projects?

7) Other comments?

(Optional)
