1 [I would like to see the draft on angustora dam left as it is now] I feel this is what it was built for x should be left that way. I also feel The SD Dept of G.F. Parks should give 50% of the Gate fee at angustora lake To Fall River County for the use of

2 land around the lake. [This would help reinstate for Taxes lost on land] that was taken off Tax list when the BOR took the land for The Project - Please consider looking into This Thank you
