RESERVOIR INVENTORY PHOTOS AND PERTINENT FACILITY DRAWINGS

Photos of some of the inventory items are included in this section. Not all of the items in the inventory have an accompanying photo. When the ID number of an item in the photo is known, the photo has an inventory ID number associated with it. The ID number can be used to locate items in **Plate 3** and **Tables A1 and B1** in **Attachments A and B**. The photos are grouped into categories by page. **Table C1** gives the photo categories and page numbers for the photos.
