1 I would like to see the draft on August 1st. I feel this is what it should be. I feel the S.D. Dept of G.F. Parks should give 50% of the Gate Fee at dam to Fall River County for the use of land around the lake. This would help to maintain the lake as a land that was taken off the list when the B.A.R. took the land for the project. Please consider looking into this. Thank you.
