

Summer Series

Wednesday Evenings

- JULY -

7pm

The American River Water Education Center At Folsom Dam

Presents:

July 7

Design your Garden

Learn how to design your garden to be both water efficient and beautiful.

Presenters: Mike and Annette Heacox husband and wife landscape architects, owners of Luciole Design, who studied in France.

July 14

Living with Wildlife

What wild things live in this area? Discover how they live, and where they go. Learn some safety tips for living together with wildlife.

Presenter: Rodi Lee, State Park Interpreter

July 21

Worldwide Water

Learn how other countries are dealing with their water issues.

Presenter: Larry Farwell, Water conservation consultant, has worked in Africa, Europe and in North America on various issues pertaining to water.

July 28

Rules of Thumb for Water-Wise Gardening

(Encore of June 16th)

Learn how to design, and prepare your landscape and irrigation methods to be water wise, and money smart. You will learn how to keep your landscape beautiful and still save precious water.

Presenters: Tim Crowley and Don Smith bring over 40 years combined experience in landscaping and irrigation. Both Tim and Don work for the City of Folsom's Water Management Program.
