Subject: CONSIDERATION OF THE USE OF FLY ASH AND MATERIALS  
CONTAINING FLY  
ASH - Specifications for \* \_\_\_\_\_

In accordance with 40 CFR Part 249, "Guidelines for Federal Procurement of Cement and Concrete Containing Fly Ash," the use of fly ash and of materials containing fly ash has been considered for the cement and concrete specified in these specifications for \*\* \_\_\_\_\_ and found to be technically inappropriate for this particular construction application \*\*\* \_\_\_\_\_ for the following reasons:

1. \_\_\_\_\_.
2. \_\_\_\_\_.

Consequently, cement and concrete which do not contain fly ash or materials containing fly ash are the appropriate materials for the above items.
