GENERAL INFORMATION

Use the "District Summary of Reporting and Declaration Forms" (Form 7-21SUMM-R) to tabulate and summarize the Reclamation Reform Act of 1982 (RRA) reporting forms submitted to this district by individuals, entities, religious and charitable organizations subject to prior law; and declaration forms submitted by trusts, estates, public entities, and farm operators located in prior law districts.

Type or print in ink all answers. You must initial and date any crossouts and corrections. Reclamation retains your district's summary forms as a permanent record of RRA administration.

You must complete various tabulations before you complete the main summary form. Use as many of the tabulations as necessary to tabulate all of the information. You do not need to submit a particular tabulation if your district does not have any landholders to list on that tabulation. For instance, you do not need to submit a Tabulation C for this water year if no public entities report their landholdings to your district this year.

The land that the landholders should be reporting is "irrigable land" and "irrigation land." See "General Information About RRA Forms" (Form 7-21INFO) for the definitions of "irrigable land," "irrigation land," and "irrigation water." Other terms and corresponding definitions that are specific to the RRA forms are:

- **"Land" or "acres"** means irrigable or irrigation land.
- **"You"** means the authorized district official completing this form for the district.
- **"We," "us," "our," or "Reclamation"** means the Bureau of Reclamation.

Visit www.usbr.gov/rra for more information.

TABULATION A (INDIVIDUAL AND ENTITY REPORTING FORMS)

Use Tabulation A to tabulate information from the following types of forms submitted to this district:

- "Report of Individual's Landholdings" (Form 7-2190),
- "EZ Report of Individual's Landholdings" (Form 7-2190EZ), and
- "Report of Entity's Landholdings" (Form 7-2191).

Use the last standard form that was submitted by the landholder to obtain the information if the landholder submitted a "Verification of Landholdings" (Form 7-21VERIFY). You do not need to identify on Tabulation A which form was used to obtain this information.

You may need to complete up to three different types of Tabulation A's for various sizes of westwide landholdings:

- One for landholdings that total more than 40 acres and up to 160 acres;
- One for landholdings that total more than 160 acres and up to 320 acres; and
- One for landholdings that total more than 320 acres.

You do not have to prepare a Tabulation A for a particular westwide landholdings range if you do not have any landholders with that range to summarize (e.g., over 320 acres).

RRA forms submitted by landholders whose westwide landholdings are below your district's RRA forms submittal thresholds should not be tabulated here. Include information from such RRA forms in item 10 of Form 7-21SUMM-R.

NUMBERING INSTRUCTIONS FOR THE TABULATIONS

When you have completed all of the necessary tabulations for your district, the appropriate page numbers must be inserted in item 3 of each tabulation (located in the upper right corner). To do this correctly, first place the tabulations in the proper order:

- All Tabulation A's, grouped by the type and size of the landholding checked in item 4 of each Tabulation A completed for your district. For example, all "40 through 160," followed by all "Over 160 through 320," etc.
- Followed by all Tabulation B's, grouped by the type and size of the landholding checked in item 4 of each Tabulation B completed for your district. For example, all "40 through 160," followed by all "Over 160."
- Followed by all Tabulation C's, then all Tabulation D's, etc.

When all tabulations have been placed in the proper order:

- In the first space of item 3 of each tabulation, insert the applicable page number in sequential order (i.e., 1, 2, 3, etc.).
- In the second space of item 3 of each tabulation, insert the total number of pages of tabulations completed for your district (e.g., "10" if the total number of all tabulation A's, B's, C's, D's, E's, F's, and G's completed for your district equals 10).

WHAT TO SUBMIT TO RECLAMATION

You must annually submit to us:

- A completed, original Form 7-21SUMM-R with an original signature, and
- All completed Tabulation A's, Tabulation B's, Tabulation C's, Tabulation D's, Tabulation E's, and Tabulation G's. If you completed Tabulation F, we request that you submit it, although it is not required.

WHAT IF THERE ARE CHANGES AFTER THIS DISTRICT SUBMITS THIS FORM

Any changes in the excess or full-cost acreage appearing on Form 7-21SUMM-R must be reported to us within 30 calendar days after the landholder reports the change to this district.
