Subject: Extension of Members of the Glen Canyon Dam Adaptive Management Work Group

The Glen Canyon Dam Adaptive Management Work Group (AMWG), a Federal Advisory Committee, provides advice and recommendations to the Department of the Interior regarding the operation of Glen Canyon Dam and related activities in accordance with applicable Federal law.

In order to allow the AMWG to conduct its regularly scheduled meetings for the remainder of the fiscal year, I hereby extend the term for the AMWG members identified on the attached chart through September 30, 2009, or until such earlier time as the renewal and appointment process is concluded for each member. This extension will allow the Department to continue with the processing of membership renewals and appointments over the next few months while also allowing the work of the committee to proceed.
