	Total		\$91,000	\$475,000

Lori Caramanian June 15, 2012 Memo - DOI has carefully considered the request to increase tribal participation funding by the Consumer Price Index (CPI) every year. GCDAMP DOI agencies have declining budgets as a result of the ongoing economic downturn, making do with less money even while our fixed costs are increasing. While we greatly value the input of the tribes into the GCDAMP... we cannot at this time provide an increase in these funds or commit to CPI indexing.

RECLAMATION

Reclamation FY 2013-14 Budget Cultural Program Implementation

1) *Implementation of HFE Protocol MOA.*

- NHPA Compliance for HFE Protocol MOA.
- Of the 19 analyzed sites, 4 prehistoric sites within the Area of Potential Effect have not been mitigated and could be adversely affected by multiple HFEs.
- Reclamation will consult with all MOA signatories in FY 12 on mitigation of adverse effects to the four sites and implement a treatment plan.
- Proposed budget: FY13 \$66,000, FY14 implementation of treatment plan for one site in Grand Canyon \$50,000.

Reclamation FY 2013-14 Budget Cultural Program Implementation

2) Documentation of Associative Values.

- Reclamation will consult with the tribes to see if they agree that there should be additional documentation.
- If so, Reclamation will convene a workshop to develop and implement a strategy for documenting associative values.
- If consultation during FY13 results in agreement among Reclamation and the tribes, then the contract would be awarded by the end of FY13.
- Proposed budget: FY13 \$100,000; FY 14 \$30,000.

Reclamation FY 2013-14 Budget Cultural Program Implementation

3) Non-native Fish Control Consultation.

- Under the non-native fish control MOA, there are stipulations for consultation with tribes before and after any proposed removal actions and also stipulations for tribes to participate in non-native fish control efforts.
- This funding will facilitate tribal participation.
- During consultation, Reclamation will discuss any potential to include TEK into this project.
- Proposed budget: FY13 \$10,000; FY14 \$10,000.

Reclamation FY 2013-14 Budget Cultural Program Implementation

4) *GCMRC monitoring support.*

- This project would provide support for GCMRC Project J.3. Large-scale Geomorphology of the Colorado River Valley in Glen, Marble and Grand canyons.
- This project will provide a better understanding of aeolian transport and gully incision that will help identify dam operation effects on archaeological sites. \
- As this project is developed, tribes will be consulted.
- Proposed budget: FY13 \$161,929; FY14 \$156,129.

Reclamation FY 2013-14 Budget Cultural Program Implementation

5) Traditional Ecological Knowledge Pilot Project.

- Using information already developed by GCMRC, this project would support the development of a pilot TEK project with the tribes for monitoring and/or treatment in the canyons.
- This will be a project that is developed with the tribes and may involve an existing monitoring or treatment program.
- Proposed budget: FY13 develop this project with the tribes \$15,000; FY14 implement the pilot project \$50,000.

Reclamation FY 2013-14 Budget Cultural Program Implementation

6) *Implement LTEMP recommendations.*

- At this time, we can expect some recommendations to come out of LTEMP for the cultural resources program.
- This is a place holder.
- Proposed budget: FY13 \$10,000; FY14 implement any recommendations \$40,000.
