

Bureau of Reclamation Web Site Certification

This form must be completed and submitted when a new Web site has been approved and completed for posting on the Bureau of Reclamation domain, but before it is placed on the Bureau's internet servers to be accessible to the public. The certification must be resubmitted annually on January 31st of each year. The form must be signed by the person responsible for the Web site and its content and submitted to the staff member in the appropriate Region or Washington/Denver Office designated to provide the Regional/Office certification to the Bureau of Reclamation Web Manager.

Web Site Internet Address: _____
