FTG 0 9 2011

MEMORANDUM

To: Regional Directors
Attention: PN-1000, MP-100, LC-1000, UC-100, GP-1000

From: Ella Mae Herrera *Diana Wiggins*
Manager, Maintenance Services Division

Subject: Water Systems Operation and Maintenance (O&M) Cost Index for 2010

The Bureau of Reclamation has computed the Cost Index for 2010 to be 4.2. The computation is based on an extrapolation of the Cost Index that utilizes the corresponding average rate increase of the average annual Engineering News Record Construction Cost Index for the previous year.

Please refer to the attached table (Attachment 1) for a listing of historical indexes computed by Reclamation, as well as instructions on how to use the indices in estimating costs (Attachment 2).

If you have any questions regarding the methodology or the use of the index, please contact Mr. Stu Hirai of our Maintenance Services Division at 303-445-2932 or LHirai@usbr.gov.
