Governor Lewis and Councilwoman Allison,

I want to thank you both again for hosting the Navajo Generating Station consultation on March 14, 2017 and for your wonderful hospitality throughout our entire day together.

During our consultation, Gila River Indian Community provided Reclamation with a series of questions pertaining to the Navajo Generating Station and the Lower Colorado River Basin Development Fund. I am attaching Reclamation's response to those questions. At the end of the document we have included contact information for our internal experts on these topics. They are also copied on this email.

Please feel free to contact me or any of our local staff with any additional questions or clarifications.

Sincerely,

Leslie Meyers
