Meranda,

Hope this email finds you doing well

We would like to meet with Hopi Tribal Government representatives to provide an update on the Navajo Generating Station. The update will include information regarding the ongoing Environmental Impact Statement, NGS operations and the technical assistance activities funded under the Hopi Tribe and Bureau of Reclamation cooperative funding agreement.

We would be happy to meet at Hopi and have current availability during the week of January 17-20. We will confirm a date, time, location and provide a list of Reclamation attendees upon your response. If these dates are not available please respond with alternatives. I can be reached at either of my phone numbers or by email if you have any questions whatsoever.

best regards and Happy Holidays!

Kevin

Mr. Black,

I apologize for not responding to you regarding the possible meeting with you and other's in Las Vegas today. The timing was very short and no one within the Hopi Tribe seemed to have any information regarding the conference.

The Tribe is definitely interested in meeting with you and your group and we are open to some proposed dates to either meet here on Hopi or Flagstaff.

Please coordinate meetings with Ms. Meranda Nutumya. Also, please forward any information you'd like to send to the Water/Energy Committee to Meranda as well.

Thank you and Happy Holidays,
