Good morning, Dave:

Attached please find a status report on the subgroup work being conducted in preparation for the April 12, 2017 meeting on the Long-Term Future of Navajo Generating Station ("*NGS Subgroups Activity Report*").

Also attached are

- "*Navajo Station Initial Data Request REV 1*"--data request from Navigant that was sent to you on March 16. Can you let me know the status of that? Has this information been provided to them?
- March 23, 2107 Conference Call recap ("*NGS Potential Customer Subgroup Notes*") and PowerPoint slides from New Customers/Load Subgroup ("*NGS Customer Presentation*").

I am hopeful that we will get to talk very soon to discuss this and other items. Try to call me whenever you can today—or we can connect over the weekend too.

Thanks
Kristin
