

U.S. Bureau of Reclamation Emergency Condition Notification Form

Date: Saturday, July 16, 2011

Time: 11:00 AM (MDT)

Facility Affected: Yellowtail Dam

River(s) Affected: Bighorn River

Organizations Receiving this Notification: None

Current conditions at Yellowtail Dam do not require formal notifications. The status update below is for informational purposes only.

Condition Description

Current Conditions – Yellowtail Dam and Bighorn River:

- Reservoir Elevation: 3652.45 feet, an increase of about 0.5 feet in the last 24 hours.
- Elevation of the top of Exclusive Flood Control Pool: 3657.0 feet
- Release to the Bighorn River: 11,000 cubic-feet per second (cfs)
- 24-hour average inflow: 14,450 cfs
- Feet to Fill (Top of Joint-Use): 0.00 feet (the reservoir filled to this level on June 26)
- Exclusive Flood Control Storage Utilized: 70.4 percent of 258,331 acre-feet available

No change in releases from Yellowtail Dam is scheduled today.

There are no dam safety related conditions or concerns with Yellowtail or Yellowtail Afterbay Dams. Inflows and releases from Yellowtail Dam have dropped below levels requiring an elevated response level and increased notifications to downstream authorities and affected agencies. However, at current river levels there is increased potential for local flooding should a heavy precipitation event occur downstream of Yellowtail Dam.

1. Potential River Levels and Times of Arrival

The following provides the approximate travel times and river stage rises from Yellowtail Dam to reach key locations along the Bighorn River:

<u>Bighorn River Location</u>	<u>Approximate Travel Time</u>	<u>Approximate River Stage Increase per 1,000 cfs change</u>
Two Leggins Bridge	7-9 hours	0.35 - 0.45 feet
Hardin	10-12 hours	0.25 - 0.35 feet
Confluence with the Yellowstone River	24 hours	0.20 - 0.30 feet

2. Actions Taken by Reclamation

Reclamation continues to work closely with the U.S. Army Corps of Engineers regarding our operations at Yellowtail to safely manage the remaining flood control storage in Yellowtail Reservoir. We are continuing to post updates to the operational conditions at Yellowtail Dam on the Bureau of Reclamation, Montana Area Office website at <http://www.usbr.gov/gp/mtao>

3. Actions Expected of Downstream Agencies

Be advised that the reservoir level in Bighorn Lake will reach, and possibly exceed elevation 3655.0 feet in the coming weeks. Additionally, please be advised that additional increases in our releases may be necessary in the coming days as the Exclusive Flood Control pool fills.
