RECLAMATION

Michelle Toogood

Information Technology Manager

Michelle Toogood is the Information Technology Manager for the Bureau of Reclamation's Missouri Basin Region. She is responsible for the oversight of the Region's Records, FOIA, Privacy, and Information Technology and Information Assurance programs.

Michelle started with the Bureau of Reclamation in 1998 as an Office Automation Clerk in the Student Temporary Employment Program (STEP). Michelle was later converted to the Student Career Experience Program (SCEP). In 2000, she was converted to a permanent position as a Computer Specialist after completion of the SCEP program and receiving her bachelor's degree in Information Systems.

Michelle has continued to work within the Missouri Basin Regional Office in various IT positions with a stint in the Oklahoma-Texas Area Office from 2000 - 2003. Michelle most recently served as the Supervisory Information Technology Specialist for the Information Technology Services Group in the Regional Office.
