Comments:

As City Auditor of Glenburn I am in daily contact with residents & have heard many complaints on our current water supply. These complaints consist of bad smell, bad taste, brown color, staining of clothes & the deterioration of hot water heaters.

Explaining that our water passes all State Health Dept tests does not satisfy their questions & we have had many renters move after only a couple of months living here because of our water.

I am confident that obtaining NAWS water would help our water quality and also help us develop our city & keep people in town.

*Attach additional sheets if necessary.

Please mail your comments to the address on the back of this form, or FAX your comments to 701-250-4326, or e-mail your comments to awaters@usbr.gov. Thank you.
