Comments:

In ~~reg~~ regards to the Naws water.  
I feel it is deffinatly needed in  
Glenburn.

Filters for any of the water systems  
are extremely expensive. Hauling Gallon  
bags from Minot is expensive & time consuming  
not to mention bad for the enviroment with  
all the plastic.

Clothes never seem to get clean.

Water heaters go out very quickly

Faucets need to be replaced.

If there is a way to get good clean  
useable water to us it should happen.

\*Attach additional sheets if necessary.
