

# Dam Consultants Meeting in B. C.

---

Members of the board of consulting engineers for the Boulder dam project gathered in Boulder City today for a conference with Walker R. Young, construction engineer for the bureau of reclamation, to discuss various phases of the remaining construction program.

Those in attendance include: J. L. Savage, chief designing engineer for the dam, L. M. McClellan, chief electrical engineer, and Louis C. Hill, D. C. Henney, and Dr. W. F. Durand.
