

# Elko Medic Heads

## Big Six Hospital

---

Dr. W. A. Haas, for the past five years one of the leading physicians and surgeons of Elko, Nevada, is expected to arrive in Las Vegas tomorrow to assume a post on the medical staff of the hospital recently opened in Boulder City by Six Companies Incorporated.

Elko papers declared that Dr. Haas has been appointed as surgeon in charge of the hospital, but Ed. Brockman, supervisor of the hospital and insurance departments, said this afternoon that the former Elko physician would just be a member of the staff for the present.

Dr. Haas is a native Nevadan, graduating from the medical college of the University of California in 1926, practicing in San Francisco for a short time prior to removing to Elko.
