8/15/32

Las Vegas members of the Bonus Expeditionary Forces, who recently staged a sensational demonstration in Washington in behalf of the bonus or a job, returned here to discover a place awaiting them in the Boulder dam forces, according to L. T. Blood, superintendent of the government employment office, who reports that every ex-service man seeking employment in this city has been put to work during the past few days.

A total of 150 men were hired for the project thru the Las Vegas office Saturday, Blood stated, and of this number 138 took advantage of the preference accorded war veterans under the terms of the contract.

All of these men went to work in the concrete gangs as laborers, Blood says.
