

# Drive To Open On Dorm Trespassers

8/16/33

A drive on all trespassers in Boulder City dormitories will be inaugurated immediately, it was announced today by J. F. Reis, administration manager for Six Companies.

Reis said there had been considerable trouble of late where individuals came into the dormitories, displaying keys and advising the bull cooks that some employee had sent them to his room, and then ransacking the place. The barring of all individuals other than those rooming in the dormitories unless they are accompanied by an employe, was decided upon to protect the occupants from robbery, Reis said.
