

Arizona to Oust River Commission

PHOENIX, Ariz., June 5. (U.P.)—
Abandonment of the Arizona Colo-
rado river commission was recom-
mended here today by Attorney
General John Sullivan.

“There is no further need of the
commission,” Sullivan said in his
statement. “I believe it long ago
outlived its usefulness and now
that we have won the supreme
court case over the construction
of Parker dam, I believe it should
be abandoned.”
