

# U. S. Prohi Office In Vegas Looming

11/21/21  
RENO, Nov. 21. (Special)—Establishment of a federal prohibition office in Las Vegas was being considered here today upon receipt of a report from the southern city of agitation for repeal of the municipal dry ordinance.

Should the city abandon its attempt to cope with the liquor situation, the prohibition forces will establish permanent headquarters in Las Vegas which is regarded as a key point because of its proximity to the Boulder Dam project.

Complete satisfaction with the manner in which the Las Vegas authorities have been handling the liquor situation for the past several months has been expressed by heads of the dry forces, who expressed regret at the rumor of repeal of the city ordinance.
