

# Tourists Now Get Souvenir Dam Tickets

6-2-37  
"The latest word in cash registers" is now in use by the guide service at Boulder Dam, E. F. Tucker, associate engineer for the bureau of reclamation stated yesterday.

Specially designed for the bureau of reclamation, the large register contains a double drawer, and prints a souvenir ticket with a picture of Boulder dam and interesting data about the project.

Installed Thursday, the cash register printed 8,855 tickets during the three-day period, Saturday, Sunday and Monday.

The first ticket printed was purchased by M. J. Halseth, employed as cashier with the guide service.
