## Over Dam Heavy

The National Park service report for June shows that a total of 5,330 cars crossed Boulder dam, carrying 19,462 passengers.

California licenses accounted for 35.48 per cent of the total, Nevada 21.29 per cent and Arizona 12.17 per cent. Oklahoma and Texas each had more than three per cent, Kansas and Utah two percent, with the remaining only one per cent or less.

Only the state of Maine was unrepresented while Alaska had five cars and Hawaii, two.
