

FUNDS OKED FOR MANGANESE PLANT AT BOULDER CITY

RENO, Nev., Dec. 13, (UP)—Representative James G. Scrugham today informed the United Press that the house appropriation committees approved his recommendations for \$578,000 for operation of the Boulder City, Nevada manganese beneficiating plant.

Funds for further bureau of mines research and \$150,000 for the Colorado river dam fund for 35 new houses at Boulder City also were provided. Final passage of the bill containing these funds was said assured Monday.
