

Second Dam Cash Installment Sent

The second installment of "in lieu of taxation" cash from Boulder dam is en route to Las Vegas in the form of a \$60,000 check, it was announced today by State Treasurer Dan Franks in Carson City.

The latest check is payment from the dam revenue accruing to the state up to May 1, 1939, and is apportioned on the basis of 20 per cent of the total amount given the state. The money is to repay Clark county for the revenue lost when the government, instead of private enterprise constructed the dam.
