

## ■ AVW OPENS— AVW

Audio Visual Inc., has announced the acquisition of Nevada Audio Visual Services.

By bringing in a new management team, new inventory and the financial strength of one of the country's largest audiovisual companies, AVW will expand the operations of Nevada AV.

The move creates AVW's seventh office, joining Dallas; Chicago; Houston; New Orleans; San Antonio; and Austin, Texas, in providing a range of audiovisual meeting services to associations and corporate clients. AVW is one of the Freeman Cos., a group of five companies providing support services to the meetings and convention industry.

Steve Mirsky will head the new operation in Las Vegas as vice president and general manager.

Mirsky is a 30-year veteran of the AV business, a past recipient of the PCMA President's Award for Meritorious Service and is currently the 1993 Dallas-Fort Worth HSMAI Executive of the Year.
