

XMAS PAYDAY TO BE AHEAD OF TIME

12/17/31
Six Companies Inc. Will
Pass Out Checks 23rd;
Crews to Work 24th

Paychecks will be given employees of Six Companies Inc., next Wednesday, two days before Christmas and two days before the start of the three-day Christmas vacation of the dam contractors' forces.

Men, however, who do not want to lose their jobs, will return to work Thursday, December 24, the day after this payday, unless they have permission to lay off that day, according to word given out by executives of the company.

For vacation will start Christmas day, the men to return to work Monday, December 28.

Every payday, it is pointed out, there are a few men whose celebration of paycheck time renders them either incapable of getting back to work the next day or lacking in inclination so to do.

That those who might find themselves in this category will hold off on their celebration for a day is the hope of the men in charge of the work.

Meanwhile all hands are looking forward to that three-day vacation, plans being made for trips here and there, many as yet undecided as to where to spend their Yuletide.
