## Visit In Vegas

3/22/22  
Thirty highway enthusiasts and officials arrived late this afternoon in Las Vegas after a visit to the Hoover dam project. They came by way of Kingman, Arizona, where the United States 66-Grand Canyon-Hoover dam highway convention is being held.

Seventy-five delegates some from as far as Albuquerque, New Mexico, attended the meet.

This evening the delegates visiting Las Vegas will be entertained at the Meadows casino at a get together banquet. All Las Vegas people are invited to the banquet to make the delegates welcome. A special program has been arranged, including the show by the Meadows entertainers.

Last night at the convention in Kingman a dinner dance was held in honor of the delegates.
