

# PAYDAY ON 22ND INSTEAD OF ON 25TH THIS TIME

Vacation 24th and 25th  
For Employes of Six  
Companies, Announced

Six Companies will pay off its employes two days earlier than usual this month, on account of the Christmas vacation which will start Friday night.

Payday will be Thursday, December 22, instead of December 25, which would come on Sunday. By making the paying-off time a few days earlier additional Christmas shopping is made possible, besides making it convenient for men to plan their Christmas vacations, leaving as soon as they are off instead of having to wait for their pay checks in a congested pay-off.

The Christmas vacation is one of two annual vacations of Six Companies, the other coming on the Fourth of July each year. Aside from those two vacations, work continues every day of the week, continuously, three shifts a day.

Many men plan to go to the coast, or to their homes elsewhere for vacation. Special stages are going to make the trip to the coast for the benefit of men going to California for the two days.
