Having bootlegged thru a room in dormitory four for the past two days, R. E. Paschal, of Boulder City was arrested last night in room 87 of the dormitory by Police Chief G. E. Bodell, charged with possession.

Paschal admitted, police said, he has been bringing in liquor for the past two days, having "gotten into the racket because he could not get work." He has "picked up a little change" that way, carrying liquor afoot across thru Hemenway pass and up to Boulder City.

He admitted, Bodell declared, that he carried in two and one half gallons on the 21st and made 35 bottles-full of it, selling them at \$1 a pint.

He carried in another quantity yesterday.
