

# B. C. Company Joins The NRA Program

8/11/33  
J. F. Reis, administration manager of the Six companies today stated that the retail business under their supervision will immediately conform with the President's re-employment agreement, and will follow the NRA.

The agreement will be followed, with the exception of section 12, which has to do with the contracts to purchase goods at fixed prices, which will be complied with when the Six Companies work out a contractors code, Reis said today. Boulder City will follow the same system the Las Vegas merchants have worked out, according to Six Companies' plans.
