MEMORANDUM

To: All Interested Persons, Organizations, and Agencies

From: Leslie A. Meyers
Area Manager

Subject: Finding of No Significant Impact (FONSI) and Final Environmental Assessment (EA)
for the 4-Mile Post Lift Station and Pipeline Improvements Project

The Bureau of Reclamation has determined that the proposed expansion of an existing pipeline easement, and construction of a new pipeline and lift station is not a major federal action significantly affecting the quality of the human environment. This determination has been recorded in a FONSI. The final EA and FONSI can be viewed at <https://www.usbr.gov/lc/phoenix/>.

A Notice of Availability for the draft was issued in June 2017 with comments due on July 12, 2017. No public comments were received on the draft EA. Reclamation has determined that the proposed action will not significantly impact the environment, and an Environmental Impact Statement is not required. For additional information regarding this matter, please contact Ms. Johnida S. Dockens at 623-773-6256 or via email at jdockens@usbr.gov.
