MEMORANDUM

To: All Interested Persons, Organizations, and Agencies

From: Leslie A. Meyers
Area Manager

Subject: Finding of No Significant Impact (FONSI) and Final Environmental Assessment (EA)
for Expansion and Modernization of the Aquatic Research and Conservation Center
(ARCC) (Project)

The Bureau of Reclamation has determined that the proposed ARCC Project expansion and modernization project is not a major Federal action significantly affecting the quality of the human environment. This determination has been recorded in a FONSI. The final EA and FONSI can be viewed at <http://www.usbr.gov/lc/phoenix>. Paper copies of the final EA and FONSI are also available upon request.

A notice of availability regarding the pre-decisional draft EA was mailed to potentially affected or interested individuals, organizations, and agencies for 30-day public comment on April 14, 2015. One letter of comment was received by Reclamation on the proposed action. A summary of the comment letter and Reclamation's response are included in Appendix A of the final EA.
