MEMORANDUM

To: All Interested Persons, Organizations, and Agencies

From: Carol Lynn Erwin
Area Manager

Subject: Findings of No Significant Impact (FONSI) and Final Environmental Assessment (EA)
for Proposed Safety of Dams (SOD) Project at Captain Tom Dam, San Juan County,
New Mexico

The Bureau of Reclamation has determined that proposed SOD modifications to Captain Tom Dam will not be a major Federal action significantly affecting the quality of the human environment. A copy of the final EA and FONSI are provided on the enclosed CD-R. Paper copies of these documents are available upon request. The final EA and FONSI can also be reviewed at <http://www.usbr.gov/lc/phoenix>.

The pre-decisional revised draft EA was mailed to potentially affected or interested individuals, organizations, and agencies for public comment on March 26, 2009. The revised draft EA was also available on Reclamation's Phoenix Area Office Web site. No public comments were received by Reclamation on the revised draft EA.

For further information regarding this matter, please contact Mr. John McGlothlen, 623-773-6256 (or jmcglothlen@usbr.gov).
