To: All Interested Parties, Organizations, and Agencies

From: Randy N. Chandler
Acting Area Manager

Subject: Finding of No Significant Impact (FONSI) and Final Environmental Assessment (EA)
for Proposed Phase 1 Rehabilitation of San Carlos Irrigation Project (SCIP) Facilities

The Bureau of Reclamation has determined that the proposed Phase 1 rehabilitation of SCIP facilities will not be a major Federal action significantly affecting the quality of the human environment. This determination has been recorded in a FONSI. Copies of the final EA and FONSI are available upon request. These documents can also be viewed at <http://www.usbr.gov/lc/phoenix>.

The predecisional draft EA was mailed to potentially affected or interested individuals, organizations, and agencies for public comment on June 28, 2010. Reclamation received three comment letters on the draft EA. Appendix B of the final EA includes all comments received on the draft EA and Reclamation's responses.
