Acting For

Subject: Finding of No Significant Impact (FONSI) and final Environmental Assessment (EA) for a Recreational Trail along the Central Arizona Project (CAP) Canal in the Town of Marana, Pima County, Arizona

The Bureau of Reclamation has determined that the proposed 7-mile recreational trail along the CAP canal and the associated trailhead parking lot within Pima County is not a major federal action significantly affecting the quality of the human environment. This determination has been recorded in a FONSI. The final EA and FONSI can be viewed at <http://www.usbr.gov/lc/phoenix/>. Paper copies of the final EA and FONSI are also available upon request.

A Notice of Availability for the draft EA was issued on May 16, 2017 with comments due on June 14, 2017. No public comments were received on the draft EA. Reclamation has determined that the proposed action will not significantly impact the environment, and an Environmental Impact Statement is not required. For additional information regarding this matter, please contact Ms. Nichole Olsker at 623-773-6258 or via email at nolsker@usbr.gov.
