Subject: Revised Estimates of Diversions-Colorado River 2009

Dear Ms. Thayer:

Below please find the District's revised estimates of diversions required at Imperial Dam for both irrigation and M&I needs for the Year 2009. Losses in the Gila Gravity are included in the water order. The reason for the change is that the District increased the acres in the System Conservation program by 23.18-acres. Please call if you have any questions.
