Subject: 2012 Water Order for Colorado River Water

Dear Mr. Matuska:

This letter transmits the Coachella Valley Water District (CVWD) 2012 water order for consumptive use of Colorado River water. The order equates to consumptive use of approximately 342,000 acre-feet of Colorado River water at Imperial Dam.

The Colorado River water order reflects the subtraction of:

- 26,000 acre-feet for the Coachella Canal Lining, and
- 3,000 acre-feet for Present Perfected Rights;

And the addition of:

- +20,000 acre-feet from the 1988 IID-MWD Water Conservation Agreement
- +21,000 acre-feet from IID-CVWD Acquisition Agreement (2003 QSA), and
- +0 acre-feet from the Agreement for 35,000 Acre-Foot Exchange Water (2003 QSA, MWDSC).

Enclosed are CVWD's monthly consumptive use estimates for Colorado River water. These estimates include direct and in-lieu groundwater recharge for the benefit of Improvement District No. 1. Also enclosed is CVWD's Part 417 Consultation Questionnaire for 2012.
