- (1) MCAS demand is not included in the estimate. Water provided to MCAS is being metered and reported to the local USBR office and counted against the MCAS entitlement.
- (2) A total of 2,500 acre feet was added to the annual total for water treatment to account for the annual diversions for Smucker Park, Desert Hills Golf Course and Yuma Cogeneration Associates. Note there is an additional 1,000 ac-feet due to the recently completed MSCP agreement for the maintenance of the Yuma East Wetlands area.
