Ms. Lorri Gray-Lee
Regional Director
Lower Colorado Region Office
U.S. Bureau of Reclamation
Post Office Box 61470
Boulder City, Nevada 89006-1470

Dear Ms. Gray-Lee:

This letter is in regard to the U. S. Bureau of Reclamation's (USBR) conveyance and delivery of 10,000 acre-feet (12.3 mcm) of water to the Wellton Mohawk Bypass Drain from October 2009 to March 2010. This action was taken in accordance with the "Joint Report of the Principal Engineers Concerning U.S.-Mexico Joint Cooperative Actions Related to the Yuma Desalting Plant (YDP) Pilot Run and the Santa Clara Wetland," dated July 17, 2009.

Flow volumes compiled by the Yuma Field office were provided to the Mexican Section of the IBWC on August 12, 2010 for review and formal concurrence. In a response received on September 8, 2010, the Mexican Section concurred that the USBR has contributed a volume of 10,000 acre-feet (12.3 mcm), in compliance with the report referenced above.

If you have any questions or concerns, please feel free to contact me or Principal Engineer Carlos Peña, Jr. at (915) 832-4118.

Sincerely,

Edward Drusina, P.E.
Commissioner
