General Manager-Chief Engineer
Coachella Valley Water District
P.O. Box 1058
Coachella, CA 92236-1058

Subject: 2011 Coachella Canal Lining Project (CCLP) Mitigation Water

Dear Mr. Robbins:

The Bureau of Reclamation has received your letter dated November 29, 2011, providing the Coachella Valley Water District's (District) estimate of calendar year 2011 environmental mitigation water for the CCLP. The District projects that, of the 4,850 acre-feet of CCLP-conserved water committed for environmental mitigation purposes, approximately 2,585 acre-feet will be used for such purposes through December 31, 2011. Reclamation acknowledges that the remaining 2,265 acre-feet of conserved water are available for the San Diego County Water Authority during calendar year 2011.

Thank you for submitting the District's estimate of environmental mitigation water use for calendar year 2011. If you have questions, please contact Mr. Paul Matuska, Water Conservation and Verification Group Manager, at 702-293-8164.

Sincerely,

Lorri Gray-Lee
