CERTIFIED – RETURN RECEIPT REQUESTED

Mr. Jim Barrett
Acting General Manager
Coachella Valley Water District
P.O. Box 1058
Coachella, CA 92236-1058

Subject: 2012 Coachella Canal Lining Project (CCLP) Mitigation Water

Dear Mr. Barrett:

The Bureau of Reclamation has received your letter dated December 10, 2012, providing the Coachella Valley Water District's (District) estimated 2012 environmental mitigation water use for the CCLP. The District projects that, of 4,850 acre-feet of CCLP-conserved water committed for environmental mitigation purposes, approximately 2,325 acre-feet will be used for such purposes through December 31, 2012. Reclamation acknowledges that the remaining 2,525 acre-feet of conserved water is available for the San Diego County Water Authority during calendar year 2012.

Thank you for submitting the District's estimate of environmental mitigation water use for calendar year 2012. If you have questions, please contact Mr. Paul Matuska, Water Conservation and Verification Group Manager, at 702-293-8164.

Sincerely,

Terrance J. Fulp, Ph.D.
Regional Director
