Paul/Nicole:

On 12/21/12, CVWD issued the attached letter indicating our revised water order for 2012. This revision was based on estimated mitigation water for the month of December. We now have actual amounts and the actual mitigation water for 2012 is:

Mitigation Water Used = 2,411 AF

Mitigation Water Not Used = 2,439 AF

These numbers were utilized in my 4/15 email response to the first draft of the 2012 Water Accounting Report below.

Please let me know if you need any additional information and hopefully our respective numbers jive.

Mark J
