Dear Dr. Fulp:

Metropolitan Storage of Unused Nevada Apportionment in 2014

In its December 3, 2014, letter, the Southern Nevada Water Authority (SNWA) notified the United States Department of the Interior Bureau of Reclamation and The Metropolitan Water District of Southern California (Metropolitan) that it would like to pursue making 40,000 to 65,000 acre-feet of unused Nevada basic apportionment available for storage by Metropolitan in 2014. This letter confirms that Metropolitan has agreed to divert up to 65,000 acre-feet, consistent with the terms of the Second Amended Operational Agreement among SNWA, Metropolitan, and the Colorado River Commission of Nevada, and the Storage and Interstate Release Agreement among those parties and the Secretary of the Interior.

With your approval, Metropolitan will divert the additional water from Nevada in 2014, and will submit a revised water order request to add this water to our approved 2014 Colorado River supplies. If you have any questions regarding these matters, please contact me at (213) 217-6520.

With best regards,

A handwritten signature in black ink that reads "Bill Hasencamp".

Manager, Colorado River Resources
