

ATTACHMENT O

Ten Tribes Demand Point Spreadsheet

This attachment to the Colorado River Interim Surplus Criteria DEIS contains a draft listing of the Colorado River system reaches and demand points which was provided to Reclamation by the Ten Tribes Partnership. The Ten Tribes Partnership has requested that the Colorado River Simulation System (CRSS) be modified according to this listing to model the water uses of the Indian Tribes. This data was not incorporated into the model for this DEIS. Reclamation intends to incorporate the data into the CRSS for the Colorado River Interim Surplus Criteria FEIS.

CRSS Demand Node Table for Ten Tribes Partnership Water Uses in the Colorado River Basin
