

ASCE American Society of Civil Engineers

THE 25th ANNUAL STUDENT MODEL BRIDGE BUILDING CONTEST IS COMING SOON!!

JOIN US FOR A TEACHER'S WORKSHOP

- WHO:** All interested teachers
- WHAT:** Discuss this year's specifications and bridge design ideas; learn building tips; and get suggestions on presenting this program in the classroom.
- WHERE:** UNLV, Thomas T. Beam Engineering Complex, B Building (there will be directional signs to guide you to the workshop). This is the same building in which the contest has been held in past years.
- WHEN:** Wednesday, January 15th, 2014 4:00 p.m. – 5:30 p.m.

WHAT'S NEW FOR 2014?

All competitors will be using the same specifications this year. The specifications provided by the International Contest Committee, allow a large degree of freedom in the design, and we are hoping to see some real innovation and creativity from the students. Please join us to hear more about construction tips and design concepts.

★ **Bridge Kits will be available at the Teacher's workshop.**

QUESTIONS?

If you have any questions about the specifications, workshop, or the registration process, please contact Rich Eastland at reastland@usbr.gov or Casey Collins at casey.collins@snwa.com

See you at the Contest on March 1st!

SPONSORS: Bureau of Reclamation, U.S. Department of the Interior, and American Society of Civil Engineers (ASCE), with University of Nevada, Las Vegas Clark County School District Terracon Consultants Orth-Rodgers & Associates and other local Engineering firms
