Subject: America's National Parks Deserve Consideration and Participation in Colorado River Basin Decisions!

Dear Pam Adams,

Thomas O. Nass' Paraphrase and Enhancement of W.C. Lowdermilk , U.S.
Dept of
Agriculture 1948, from "Conquest of the Land Through 7,000
Years"

This Holy Earth:

Thou shall inherit this Holy Earth as a Faithful Steward, respecting, protecting and conserving its Environment, its Resources and its Productivity for future generations. Thou shall safeguard its Fields from erosion; its Soils and sub-Surface from Chemical Saturation; its ocean waters, its ground waters and its air from chemical pollution; its Oceans from over fishing; its Forests from desolation; its Mineral Resources from depletion; its Hills from overgrazing by thy herds and its Creatures from extinction. ALL OF THIS SO THAT THY DESCENDANTS MAY ENJOY ITS ABUNDANCE AS ONCE DID THEE.

As all Nations do share in the Ownership of this Holy Earth. Ergo, if any Nation or its leaders should fail in the responsibilities of their Stewardship, then all of thy crop land shall become dry and sterile ground with wasting gullies -all combining to portend a Greater potential for a Drought and Famine; thy waters unfit to drink; thy air too thick to breathe; the meat of thy herds and thy flocks, as the spawn of thy waters and thy oceans, unfit to eat; and storms and rising ocean tides shall devastate thy landscape. If any of the above should come to pass, then thy descendants shall gradually diminish in their number and eventually depart in their entirety from off the face of this Holy Earth.

Why? Because man cannot continue to "Gut" the sub-surface of its Oil, Coal and other mineral resources without expecting the voids that remain to fill back in at some point in time. Nor can he continue to treat this Earth like it's his own PRIVATE, PROFIT- GENERATING PLAYGROUND, driven by Sociopathic GREED, without expecting the Earth and its Environment to retaliate!

Why? Because insatiable, sociopathic, corporate, GREED and ignorance of their ignorance of all things except their "Bottom Line" shall have decreed it so.

Corporate "PROFITS" and a "Clean Environment" are not, and never will be, compatible. Corporate Credo -to which their sycophants subscribe: "Rather no Planet at all than a Planet where our insatiable, sociopathic GREED cannot be satisfied. Restrictions, Safety Regulations and the Environment be Damned!"

GREED is taking this Country down, down, down! If not soon curtailed,
it will soon Wipe us all the Hell Out!

Sincerely,
Mr. Thomas Nass
